**Installing HangMan Deluxe**

HangMan Deluxe is distributed in a zip file. This file must be unzipped in order to install HangMan Deluxe . To install HangMan Deluxe from an IBM type PC, the following applies:

Hang Man can be installed like any other Palm application with the Palm Install Tool:

- Launch the Palm Install Tool.
- Select "Add".
- Find the file Hangman.prc where you unpacked/unzipped
- Do a HotSyn...

## Must read

- The HangMan Deluxe Setup utility and HangMan Deluxe only work on IBM type PCs, not on Mac type PCs.
- After installing HangMan Deluxe from a IBM type PC on your handheld, you invoke HangMan Deluxe on your handheld by tapping on the HangMan Deluxe icon on the applications launcher.
- If you have previously installed the Shareware version, and wish now to install the registered version, DO NOT delete the HangMan Deluxe application from the handheld (unless, of course, you were just experimenting and want to start over again) – this would delete the program AND your data as well. Simply install the registered version of Hangman.prc, and it will continue to work with the database you created with the shareware version. The HangMan Deluxe database has been designed so that future releases of Hang Man will be able to work with an existing database from a previous release.
- The registered version of HangMan Deluxe is a different program file than the shareware version. If you have installed the registered version, do not install a more recent shareware version; it will not be registered, and you will lose the additional functions of the registered version. However if you so desire to try out the Demo version of the update, you should take backup of your existing data and then install the .prc. In this case you will not lose the existing data and once you decide to install the updated registered version you can retrieve the saved data. If you are entitled to a free update, it will be emailed to you.

## Registering HangMan Deluxe

## Support

Registered users of HangMan Deluxe are entitled to support for one year from the date of purchase. Support consists of providing one free update version of HangMan Deluxe released during the year of support. If you believe you have discovered a bug, please report it to the author by email at <mailto:palmhouseinfo@rediffmail.com>. As mentioned above, the registered version of HangMan Deluxe is a different program file than the shareware version. If you have installed the registered version, do not install a more recent shareware version; it will not be registered, and you will lose the additional functions of the registered version. If you are entitled to a free update, it will be emailed to you.

## System Requirements
