Nuclear Pipes v.1.5

Feedback to: **Amber5** support@amber5.com

Description

Nuclear Pipes - is a classic puzzle-solving game based on linking reactors to a compressor. Nuclear Pipes is an addictive mind-bender that is easy to learn and hard to master. The game task is easy - connect each reactor on the field to the central compressor by adjusting and turning the pieces scattered around. Easy rules, simple logic, and endless possible combinations let you jump delve quickly into this classic puzzle game.

Installation

Use an extractor program such as WinZip on the PC or Stuffit Expander (on the Mac) to get at the Nuclear Pipes files.

To install this game you should synchronize the "Pipes.prc" application to your device. Files can be installed by using the Desktop S/W or just any other application.

How to play

1. Objects are presented on the game field:

1. Reactor

Your goal is connect all reactors to the central compressor. If reactor is connected to the compressor, red lamp changes to green.

2. Pipe

Reactors and compressor are connected by pipes. They can be straight, corner or T-branch.

3. Compressor

It can have one, two or three tailpipes. There's only one compressor in a game field.

You can rotate all these objects to connect all reactors to the compressor.

2. Game field:

Digits in left top corner show how many reactors are not connected to the compressor. Time counter in right top corner shows how long the game lasts.

You can play using stylus or 5-Way Navigator.

If you are playing using stylus just tap on game objects to rotate them. If you miss the objects, 'markers' indication option is available in Options -> Markers. 'Marker' stands for small white aiming point to help you find necessary area to tap. To scroll the game field press and move the stylus.

If you are playing using 5-way Navigator, the highlighted area shows you which object is active. Press direction buttons to move the highlighted area and the center button to rotate an object. Scrolling occurs when the highlighted area approaches screen edge and you press the appropriate navigation button.

You can change to main menu by tapping on Menu button or pressing Hard Key 1 (Date Book).

3. Main Menu

To select menu item use stylus or Five Way Navigator buttons.

Resume Game: returns to the current game.

New Game: abandons the current game and starts the new one.

Options: sets sound effects volume, animation on/off, markers on/off, smooth rotation on/off (see description below).

Registration: the registration form. To register this game you have to purchase it at:
http://www.pocketgear.com
Once you have purchased the Nuclear Pipes application, you'll get the registration code, which is necessary to be entered in the registration field to complete the program registration.
Note: All the subsequent versions of this application are free for the registered customers!
Free usage of the Nuclear Pipes is limited by 10 games.

High Scores: shows the High Scores table.

Instructions: shows game instructions.

**Exit (in left top corner):** exits the application.
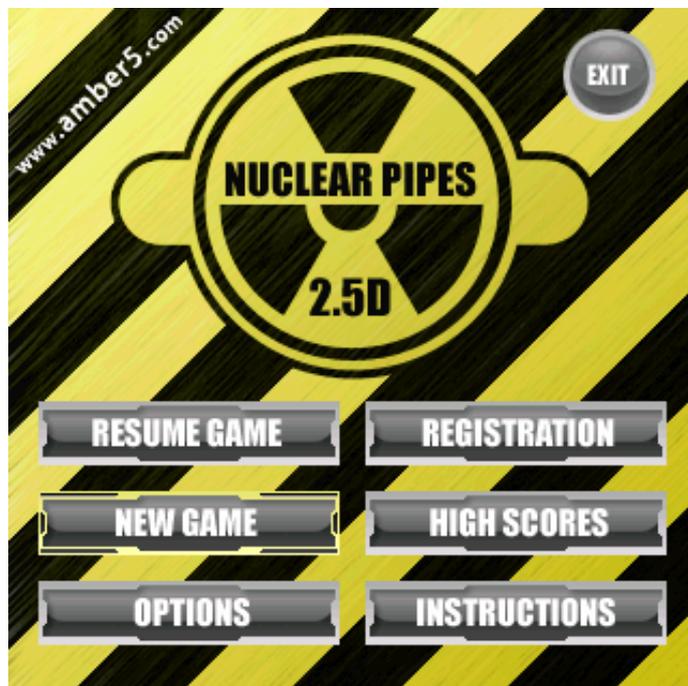

4. Options

Just tap on buttons to select options you need, or use FiveWay Up / Five Way Down to move pointer and Five Way Center to select option.
When sound volume option is selected use Five Way Left / Five Way Right to increase/decrease the volume.

Sound Volume: sets sound effects volume.
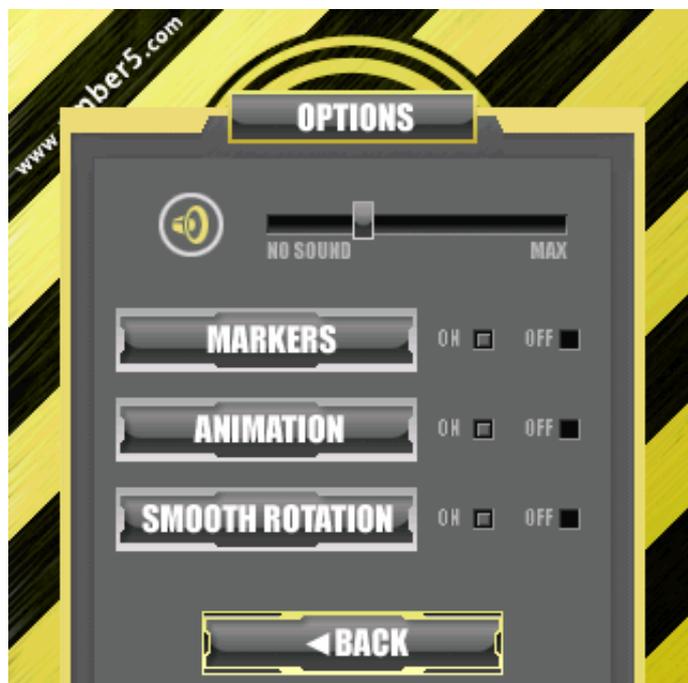

Markers: switches on/off markers indication on the game field. Switch this option off if you don't need markers.

Animation: switches on/off objects animation. If the game runs too slow, switch this option off.

Smooth rotation: switches on/off smooth rotation of objects. If the game runs too slow, switch this option off.

Software License Agreement

This is a legal agreement between you, the end user, and Amber5. Read this agreement very carefully. If you do not wish to accept this agreement, you may not use Amber5 software on a device or software emulator.

Grant Of License
This License permits you to use Nuclear Pipes software on any single computer, provided the software is installed on only one handheld device at any time.

Copyright
The software is owned by Amber5 and is protected copyright laws, international treaty provisions, and all other applicable national laws. You may not modify, adapt, translate, reverse engineer, decompile, dissasemble or otherwise attempt to discover the code and algorithms of the software.

Other Restrictions
You may not rent or lease the software, but you may transfer your rights under this license agreement on a permanent basis provided you transfer all copies of the software and all written materials and the recipient agrees to the terms of this license.

No Warranty
The software is delivered as is and Amber5 makes no warranty as to its use or performance. Amber5 does not, and cannot warrant the performance or results you may obtain by using the Software or its documentation. Amber5 makes no warranties, express or implied, as to noninfringement of third party rights, merchantability, or fitness for any particular purpose. In no event will Amber5 be liable to you for any consequential, incidental or special damages, or for any claim by any third party.

Legal

Amber5 takes no responsibility for any adverse effect that this software could cause to your machine or the data on it: backup important data before using Nuclear Pipes. Nuclear Pipes is protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. Nuclear Pipes is licensed, not sold.

You may not reverse engineer, decompile, or disassemble this software.

Amber5's and its suppliers' entire liability and your exclusive remedy shall be, at Amber5's option, either (a) return of the price paid, if any, or (b) replacement of the product that does not meet the warranty and which is returned to Amber5 with a copy of your receipt. This warranty is void if failure of the product has resulted from accident, abuse, or misapplication. Any replacement software product will be warranted for the remainder of the original warranty period or thirty (30) days, whichever is longer. These remedies are not available without proof of purchase from an authorized source.

Written permission must be obtained before distribution of this software, either in demo form or full form, through any online or offline methods. You may link to the product specific page, but not directly to the files (as these will change and as the programs are updated).
