## 1. Introduction

Ever get bored of the same old wallpaper on the main Phone application? Ever wish you could easily change the picture or even randomly cycle through a list of pictures automatically?

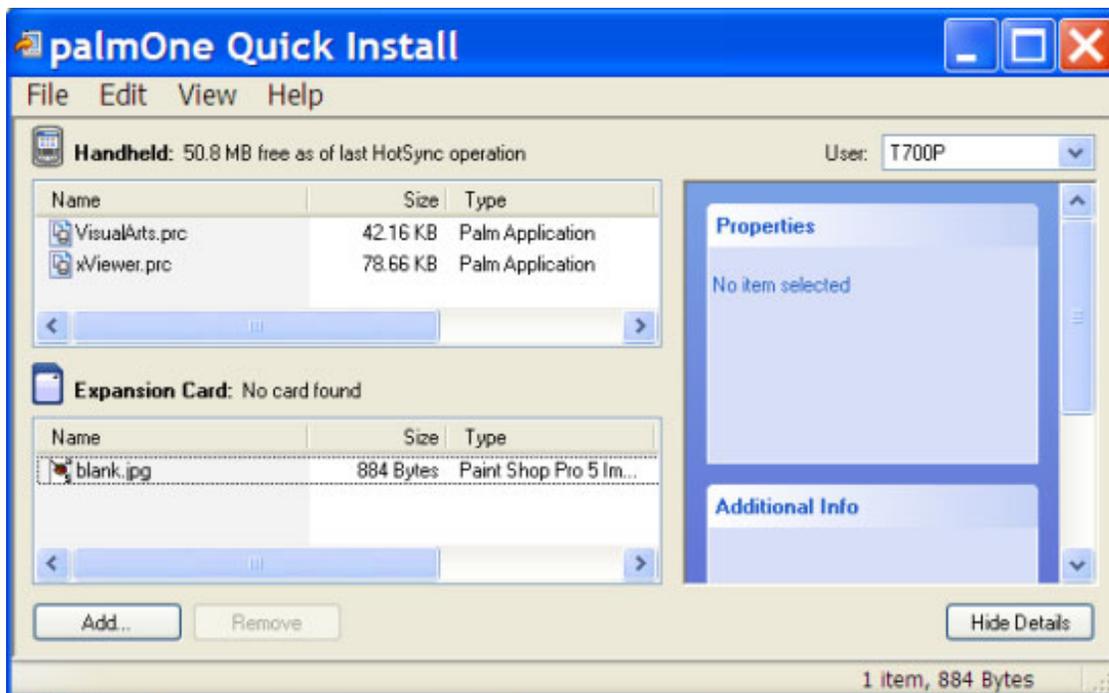

Visual Arts is a cool utility designed specifically for the Treo® 650/700P/680 to automatically change the wallpaper for the Main screen in the Phone application. You can set to change the picture each time you Launch the Phone application or set a timer to change. You just assign the picture folder and then Visual Arts will cycle thru all the pictures in the folder.

## 2. System Requirement

- Treo® 650/700P/680
- 50K of main memory
- External SD card such as SD or MMC

## 3. Installation

To install Visual Arts place the following files in the Quick Install tools application as shown in the diagram.

Press the HotSync® button on the cradle. The HotSync® manager will install the program on to your Palm.

## 4. Launching Visual Arts

**VisualArts**

From your Launcher look for the icon and tap on it to launch it. If you cannot find the icon use the scroll bar and scroll down.

### 4.1 Registering Visual Arts

After you had purchased Visual Arts you will need to send us your Treo® serial number to [support@toysoft.ca](mailto:support@toysoft.ca) along with your purchase invoice for the registration code.

**Visual Arts Registration**

**Purchase at [www.toysoft.ca](http://www.toysoft.ca)**

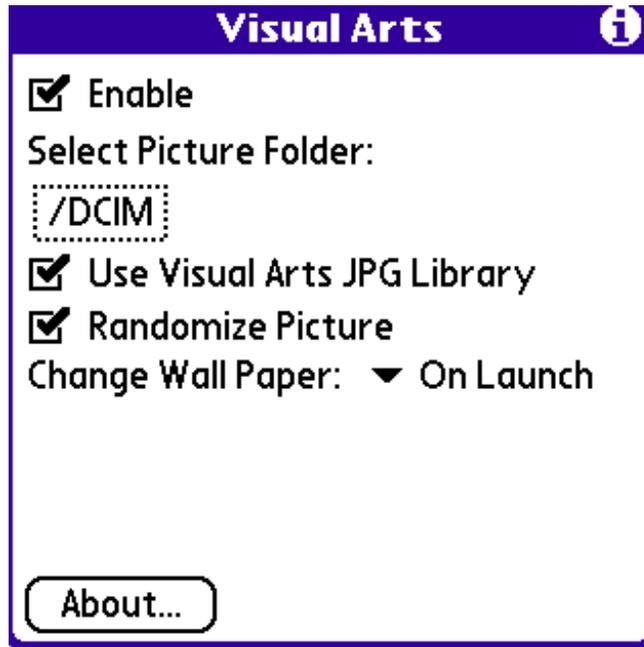

Serial Num: **PM.....**

Reg Code: .....

Register10 Day Trial

Your registration code will be email to you within 24 hours. If you have not received it then send email to [support@toysoft.ca](mailto:support@toysoft.ca)

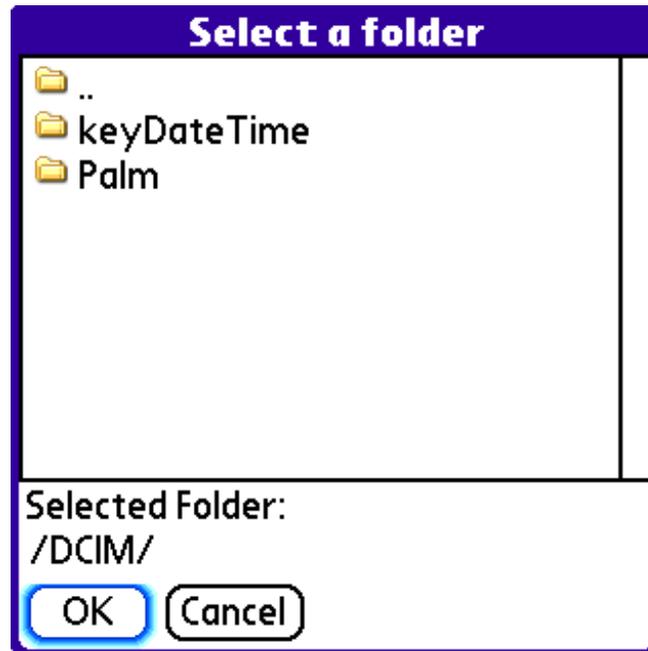

## 5. User Interface

Main Screen

Controls	Descriptions
<input checked="" type="checkbox"/> Enable	Check to enable Visual Arts
Select Picture Folder: <input type="text" value="/DCIM"/>	Tap on the Toggle button to select a folder where you have JPG files stored.
<input checked="" type="checkbox"/> Use Visual Arts JPG Library	Use Visual Arts JPG library for faster drawing. If you check this then you will need to set the default wallpaper in the Phone app "Phone Display Options" screen to the blank.jpg
<input checked="" type="checkbox"/> Randomize Picture	Check this if you want randomized wallpaper otherwise Visual Arts will cycle thru all the pictures.
Change Wall Paper: ▼ On Launch	Select the change wallpaper each time you start Visual Arts or on a timed event.

## 5.1 Select Picture Folder

Select a Picture folder

The picture folder that you select should contain all your JPG files. Visual Arts will then cycle thru each JPG picture.

Tap on the folder name and then tap on the OK button to select the folder.

## 5.2 JPG Pictures

The Phone application does not do a good job at resizing the large pictures to fix the 320x240 drawing area.

To have a nicely formatted picture we recommend that you edit the JPG picture to 320x240 resolution and then save it as new JPG and then upload to your Picture Folder on the SD card.

The other option is to use xViewer.prc that is included with Visual Arts. Install the file to main memory and then in the main screen in Visual Arts check  **Use Visual Arts JPG Library** checkbox.

### 5.3 Use Visual Arts Custom JPG Library

If you find that the Phone is delaying displaying the wallpaper then you can choose to use Visual Arts JPG library.

If you do then you will need to set the Phone default wallpaper to the blank.jpg file. This will eliminate the default wallpaper being displayed before Visual Arts draws the new wallpaper.

1. Launch the Phone application and then select

2. tap on the Wallpaper thumbnail and then tap on the SD card icon  and then look for the blank picture and then select it.

## 6. User License

(a) Toysoft, Inc. Hereby grants you a non-exclusive license to use its accompanying software product ("Software") according to the following agreement:

(b) You may: Distribute the Software if your application is freeware.

(c) You may not: Distribute the Software if your application is shareware or commercial.

(d) You may not: permit other individuals to use the Software except under the terms listed above; modify, translate, reverse engineer, decompile, disassemble, or create derivative works based on the Software; copy the Software (except for back-up purposes); rent, lease or otherwise transfer rights to the Software; or remove any proprietary notices or labels on the Software.

**Toysoft, Inc. reserves all rights not expressly granted to Licensee.**

## 7. Copyright

Ownership rights and intellectual property rights in and to the Software shall remain in Toysoft, Inc. The Software is protected by the copyright laws of Canada and international copyright treaties. This License gives you no rights to such content.

## 8. Disclaimer

(a) **DISCLAIMER OF WARRANTY.** The Software is provided on an "AS IS" basis, without warranty of any kind, including without limitation the warranties of merchantability, fitness for a particular purpose and non-infringement.

(b) You and not Toysoft, Inc. assume the entire cost of any service and repair. In addition, mechanism implemented by the Software may have inherent procedural limitations, and you must determine that the Software sufficiently meets your requirements.

(c) This disclaimer of warranty constitutes an essential part of the agreement.

## **9. Limitation of Liability**

UNDER NO CIRCUMSTANCES AND UNDER NO LEGAL THEORY, TORT, CONTRACT, OR OTHERWISE, SHALL TOYSOFT, INC. OR ITS SUPPLIERS OR RESELLERS BE LIABLE TO YOU OR ANY OTHER PERSON FOR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES OF ANY CHARACTER INCLUDING, WITHOUT LIMITATION DAMAGES FOR LOSS OF GOODWILL, WORK STOPPAGE, COMPUTER FAILURE OR MALFUNCTION, OR ANY AND ALL OTHER COMMERCIAL DAMAGES OR LOSSES.

## **10. Termination of License**

This license will terminate automatically if you fail to comply with the limitations described above. On termination, you must destroy all copies of the Software

## **11. Technical Support**
